

The Bioencapsulation Research Group and JDRF  
are pleased to invite you to the

## **Islet Encapsulation and Biomedical Applications Focus Session**

### **XXII INTERNATIONAL CONFERENCE ON BIOENCAPSULATION**

**Bratislava, Slovakia**

**September 17-19, 2014**

**Oral abstract and travel award deadline June 15**

**Several travel awards are available for islet  
encapsulation-related abstracts!**

The **Bioencapsulation Research Group** and **JDRF** are pleased to invite you to submit an abstract for the **Islet Encapsulation/Biomedical applications Focus Session** at the **XII International Conference on Bioencapsulation** in Bratislava, Slovakia, September 17-19, 2014.

The focus session will assemble a critical mass of islet encapsulation experts. This conference is a unique networking venue to compare cell or islet encapsulation strategies and gain inspiration from the broad spectrum of bioencapsulation applications presented at the conference.

**A significant number of travel awards (300 € to 1000 €) are available for islet-related contributions.** To be considered for an oral presentation and award, please **submit your full abstract on the conference website before June 15, 2014.** For more details related to the travel awards, consult the “scholarships” section of the website.

Please consult the conference website for abstract formatting instructions and further details:

We hope to see you soon in Bratislava to discuss the future of islet encapsulation and biomedical applications of bioencapsulation.

Corinne Hoesli and James Piret (Focus Session organizers)

Igor Lacík (conference president)

Denis Poncelet (BRG president)
