

The Bioencapsulation Research Group and JDRF
are pleased to invite you to the

Islet Encapsulation Focus Session

XX INTERNATIONAL CONFERENCE ON BIOENCAPSULATION

Orillia, ON, Canada

September 22-26, 2012

Islet Focus abstract/grant deadline July 15

**Several registration awards now available
for islet encapsulation-related abstracts!**

The Bioencapsulation Research Group and JDRF are pleased to invite you to submit an abstract for the **Islet Encapsulation Focus Session** at the **XX International Conference on Bioencapsulation** in Orillia, ON, Canada, September 21-24, 2012.

The focus session will assemble a critical mass of islet encapsulation experts in dedicated oral and poster sessions. This conference is a unique networking venue to compare islet encapsulation strategies and gain inspiration from the broad spectrum of bioencapsulation applications presented at the conference.

A significant number of registration grants (800\$ to 1000\$) are now available for islet-related contributions, supported by JDRF and the BRG. To be considered for an islet session oral presentation and grant, please send the **title of your contribution as soon as possible to corinne.hoesli.1@ulaval.ca** and **submit your full abstract on the conference website before July 15, 2012.**

Please consult the conference website for abstract formatting instructions and further details:

http://bioencapsulation.net/2012_Orillia/

We hope to see you soon in Orillia to discuss the future of islet encapsulation.

Paul de Vos and Corinne Hoesli (Islet Focus Session organizers)

Ron Neufeld (conference president)

Denis Poncelet (BRG president)
